**NATIONAL & NSW RSL**

The implosion of the national RSL and the NSW executive has created a inexplicable vacuum which should never have happened...

The alleged offences have caused collateral damage which may be very hard to recover from.

The repercussions

may have a domino effect that will be seen in associated executive boards?

The vision of the RSL founders is in need of being reiterated and hammered home...to ensure that the many hundreds of the RSL sub-Branches are not smeared wrongly...
