## MALAYA & BORNEO VETERANS' DAY

The **31 August 2013**, marks the third annual commemoration, in South Australia, of the end of The Malayan Emergency and the end of the Indonesian Confrontation with Malaysia.

The Catafalque Party will be provided by cadets from 604 Sqn AAFC who have been associated with the commemoration service from the beginning in 2011.

The banners from 1st, 2nd, 3rd and 4th Battalions RAR, will be displayed in conjunction with the

RAN Ensign and the RAAF Ensign. The Australian National Flag is the Australian Army Flag.

The seating and PA system will be added by the City of West Torrens.

Additional funding has been generously granted by the SA Minister for Veterans' Affairs, the Hon Jack Snelling MP, Mr Ian Kelly, the Deputy Commissioner for DVA in SA, and City of West Torrens to ensure a successful event.

Hilton RSL will host the "After the Ceremony" celebrations.

Parking restrictions will be waived in the vicinity of the War Memorial Gardens which are approximately 500m from Hilton RSL, on Sir Donald Bradman Drive.

There will be representation from Federal and State politicians, the RAR SA, Korea & SE Asia Forces, RSL, DVA and kindred ESOs.

It is hoped that members will be able to engage their families with the ceremony, and any friends who are interested to attend on the day. *Terima kasih.*

On **31 May**, the Sod Turning Ceremony and a full Smoking Ceremony for the Aboriginal & Torres Strait Islander War Memorial was held at the Torrens Parade Ground site. Brian Selby placed a Tribute at the A&TSI Remembrance Service held at 1100 hrs at the SA War Memorial on North Terrace. The ceremonies were followed by a light lunch provided by RSL SA. Thanks to Don, Clive, Bill, Bernie & John, Beryl & Dave for making the journey. **Ed.**

**NOMINAL ROLLS****BELIEVE IT OR NOT**

**Every** Australian serviceman, or, woman, who served in either, or, both of the two undeclared wars of the Malayan Emergency and the Indonesian Confrontation will probably have encountered the ridiculous situation of having to prove that they actually served in a particular unit, in a particular area, at a certain time....the reason is that for some never explained reasons, service records were not adequately kept, beyond unit rolls.....anomalies include not recording temporary inter-unit

deployments/secondments. One aggravating side effect of this "record keeping" has been the extended delays caused to many applications for disability pensions. In some instances, the applicants/members, have to confirm their degree of injury all over again because of the difficulty in locating unit medical records. A submission to compile the Nominal Rolls for all personnel who served in these campaigns will *again* be put to the incumbent Minister. **Ed.**

## "PIT STOP PROGRAM"

DVA is very proactive with health outcomes for former, current and future service personnel. As a result of feedback and input from health professionals and ex-service peer groups, a informal, but, fully researched program has been trialled in WA and is now being set up in SA. The idea is for a site, such as a local RSL to be selected to hold a full day seminar with various procedures available for tests

such as blood pressure, BSL, dietary advice, exercise plans and mental health contacts. The "Pit Stop" program is based around the need to maintain your motor vehicles with a regular oil change and grease, tyres, wheel balance, wash, shampoo and vacuum. There is no cost to attend, except your time. A date and time will be confirmed for members, and partners are very welcome also. **Ed.**
